Guard Unit Started In County

A unit of the National Guard was formed and will become active in Hancock County.

A meeting Monday night for processing members was held in the Agriculture Building.

Second Lt. Alvin Kingston will be Commanding Officer.

The old pickle factory on Necaise is being renovated and will become the Armory for the Guard.

Thursday night a general meeting will take place at the Agriculture Building which is being used by the Guard until completion of their permanent quarters.

Several high-ranking officers will be present at the meeting Thursday night.

Alden Mauffray Named New Head Chamber Commerce

Alden Mauffray was named to head the Hancock County Chamber of Commerce Board of Directors at a special meeting Thursday, Oct. 21.

Ben Hille was elected vice president.

Retiring president Lambert Boyd gave a brief resume of the past year's activities, with particular emphasis on matters which called for additional action by the group. Boyd thanked members of the Board for their fine cooperation during the last year, then turned the meeting over to the new president.

Mauffray thanked members of the board for the confidence they had indicated in selecting him as president. He then called for suggestions for activities during the coming year. Considerable discussion followed as to various plans for future action, with emphasis on the membership drive.

Others present at the meeting were Bob Hamilton, Howard Adam, Cyril Glover, Ed Arceneaux, Joe Schaff and Mabel Green.

The board will reconvene Nov. 9 at 7:30 p.m.

ALL SAINTS DAY TO BE OBSERVED ON NEXT MONDAY

Schools and many business houses will be closed Monday honoring the one day of the year set aside to pay respects to the dead. All Saints Day will see many persons making their way to the cemeteries and graves with flowers and flowers of all varieties.

For the last several weeks, cemeteries have been a beehive of activity as graves were cleaned and repaired in honor of this day. Fresh grass planted and cement washes on tombs and headstones have made these places most attractive.

During the afternoon hours on Monday crowds will be thronging the places of the departed, prayers for the eternal rest of souls of departed loved ones will be in order and Masses for the dead will be said in the Catholic Churches.

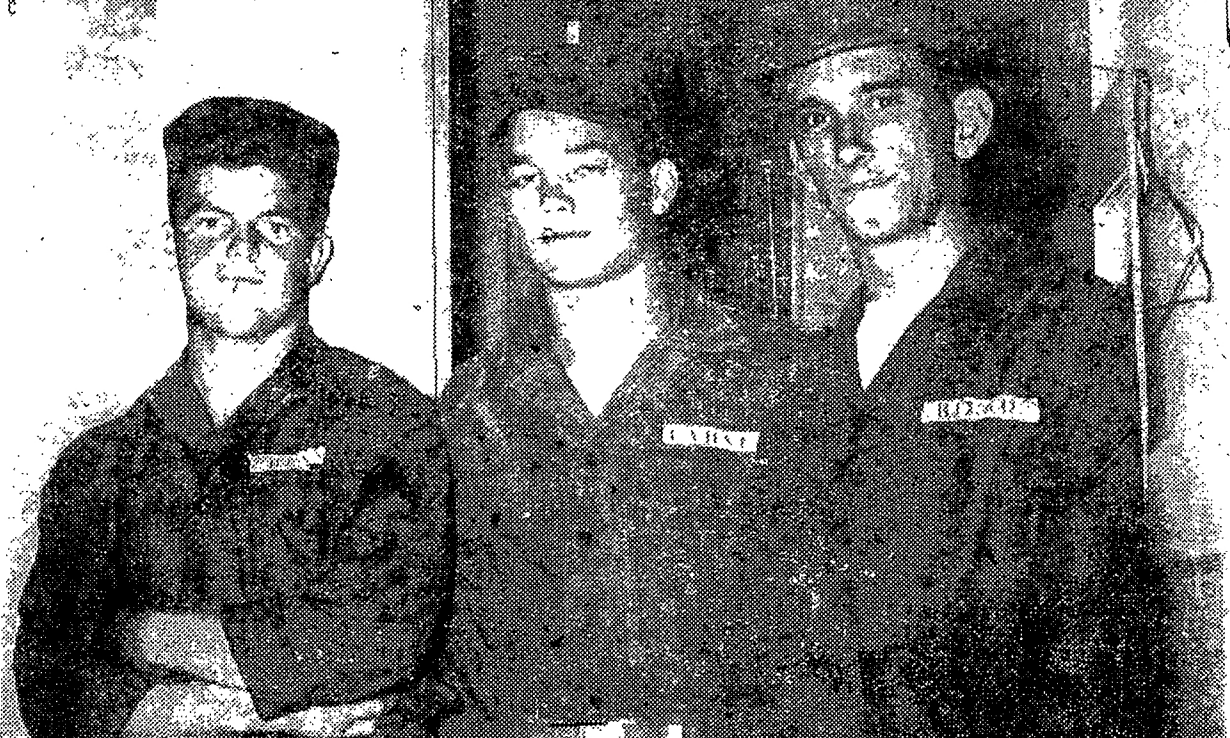

LIONS HALLOWEEN PARTY ALL SET FOR SATURDAY NIGHT

The Lions Club again will sponsor the annual Halloween Party this Saturday night, Oct. 30.

Festivities will begin with a parade, which will start at Bay High School at seven o'clock p.m., going up Carroll Avenue to Beach, down Beach to Main Street, Main to Second, and then on City Hall grounds where the party will be held.

There will be games and prizes for children and grown-ups.

Refreshments also will be sold on the grounds.

NATIONAL GUARD PHYSICALS—Lt. Ivan Kingston, commanding officer of the new National Guard Unit here and Ben Smith complete details of the physical examination of Ronald Murigi, upper left. Mrs. Smith shows J. L. Gonzales results of one of his tests. Bottom, left to right, three of several boys who transferred from Co. A 890 Engr. Aviation Bn., Picayune, left to right Pfc Huey Henley, Pfc Larry Ladner, Pfc Robert Bilbo, all of Kila.

PTA BOARD MAKES MARDI GRAS PLANS

A special meeting of the executive board of Bay High PTA was called by president Willard Henderson last Friday night at the school.

The purpose of the meeting was the discussion of purchasing material and constructing trailers for the annual Mardi Gras Parade.

Roland Taillac and Robert Hamilton were appointed as a committee to handle the purchasing and construction of ten trailers. The public is asked to cooperate. Manual labor will be needed by Taillac and Hamilton, and it is hoped that men will volunteer to assist them in this work. Also needed are old tires for trailers. Persons or service stations who have such tires are asked to donate them to the committee.

The Mardi Gras parade sponsored by the PTA is one of the most looked forward to events of the year in Bay St. Louis. It provides a Mardi Gras for these children and adults who are unable to join the revelers in New Orleans on this day of merriment.

A. I. BRUFF LAST RITES HELD THIS AFTERNOON

Archibald Inskip Bruff, resident of 119 DeMontluzin St., died in Baptist Hospital, New Orleans, Wednesday, Oct. 27 at 5:15 a.m.

The deceased was the husband of Mrs. Carrie E. Smith Bruff.

Funeral services were held this afternoon from William Betz and Son funeral home at 3 o'clock. Interment was in Greenwood Cemetery.

3000 Catholics Attend Marian Year Fete

Approximately 3000 Roman Catholics were assembled in Bay St. Louis Sunday afternoon to participate in the Marian Year Celebration on the grounds of St. Stanislaus Day School.

A procession composed of residents of Bay St. Louis and neighboring Coast cities and students from St. Joseph Academy and St. Stanislaus assembled in front of Our Lady of the Gulf Church. The procession marched south on the beach front to Washington St., turned right and continued down Washington to Hancock St. and on to the school grounds.

An altar flanked on either side with large palm trees was draped in blue and white, colors of the Virgin.

The procession was headed by a color guard from the Naval Construction Battalion Base at Gulfport with Capt. C. S. Daly Commanding Officer in Charge.

Members of the Blessed Virgin Sodality followed next. Four members carried a statue of the Virgin, which was erected on a flower bedecked platform.

Students of St. Joseph Academy were next in line with members of the faculty bringing up the rear of this group. Next came St. Stanislaus students with their faculty, Brothers of the Sacred Heart.

Members of Our Lady of the Gulf Altar Society, St. Margaret's Daughters and St. Joseph Mothers Club followed. Members of the Bishop Gunn Council of Knights of Columbus (Gulfport) were next in the procession. Then came the Fraters and Seminarians of St. Augustine Seminary, Junior Holy Name Society and Boy Scouts.

Senior Holy Name Society members were next in line, followed by members of Pere Le Duc Council of Knights of Columbus, Bay St. Louis.

Then followed visiting priests and Altar Boys from Our Lady of the Gulf Church.

Members of the D'iberville General Assembly (Gulfport) and Monsignor Gmelch Assembly (Bay St. Louis), Fourth Degree Knights of Columbus totaling 17 members, in full dress regalia, carried a canopy under which the Blessed Sacrament was carried to the Altar. These Knights constituted the Guard of Honor.

Lay persons formed the end of the procession.

Enroute the Rosary was recited by all marchers and Hymns were sung. Religious services began with the recitation of the Rosary by the Rev. Father John Robinson, followed by a talk on the devotion to the Blessed Virgin by Rev. Father George O'Malley.

Part of the procession at the Marian Year Celebration sponsored Sunday by the Knights of Columbus.

Band Auxiliary Meets

The Bay Central Band Auxiliary held its regular meeting in the school auditorium Monday evening with a favorable attendance.

Officers for the present year are Mr. Carl Arnold, President, Mrs. Paul Miller, Secretary, and Mrs. Paul Loup, Treasurer, with Mrs. Geo. S. Horton as publicity chairman.

Marcel LaNasa, band director, briefly outlined plans and schedules for the band activities. La Nasa was one of the violinists in the orchestra for the recent presentation of the opera "Otello" in New Orleans.

One of the projects has commenced and other plans are in the working stage.

The next regular monthly meeting will be held Nov. 29.

CUB SCOUTS TO MEET

Cub Scout pack meeting will be held Saturday, Oct. 30 at Christ Church Parish House at 8 p.m.

C.M. pastor of St. Thomas Church, Long Beach.

Benediction of the Blessed Sacrament was delivered by the Rev. B. McConnell, MSST, Pastor of the Church at Kila. He was assisted by Deacons Rev. Paul Keenan, Kila, and Rev. S. Darby, CM, Assistant Pastor of St. Thomas Church, Long Beach.

St. Augustine Choir led in the singing for Benediction.

The program was sponsored by the local chapter of the Knights of Columbus.

Mandamus Trial For Supervisors Saturday

General Election Tues; Officials Are Named

Tuesday, Nov. 2, voters will cast ballots in the General Elections. Two proposed amendments to the State Constitution will be the main issues for voters.

Sen. James Eastland is opposed by Republican nominee James A. White. All other nominees are democratic.

One Senator, one member of the House of Representatives, three judgeships and one county board of education are listed for voters in this election.

Election managers for the county are:

CRANE CREEK—Mrs. Weldon Shaw, Frank Shaw, Aaron Ladner P&RO

CATAHOULA—Thomas W. Dossett, Mrs. Jim Necaise Elmer Seal, Simon Bouais P&RO

Polls will be open in Bay St. Louis from 7 a.m. to 6 p.m. and in the county from 8 a.m. to 6 p.m.

Congressman William Colmer is running for reelection as representative from the Sixth District. Harvey McGhee is running for Supreme Court judge from the Second District. D. M. Russell Sr. is nominee for circuit court judge from the Second District and Mrs. C. C. McDonald for the County Board of Education.

Members of the Board of Supervisors have been summoned for a mandamus suit hearing Saturday before Judge Leslie Grant. Sheriff John Egloff said this week that summonses have been served on all but one of the Board of Supervisors.

Circuit Judge Leslie Grant called the special court session upon the request of District Attorney Boyce Holleman in response to demands of petitioners seeking a redistricting of the county beats.

Summonses were served on Supervisors Johnson Shaw, Frank Keller, Jack Lott and R. G. (Manny) Hubbard Jr. Joe Jones of beat one was not served as he was reported to be in Texas. The petitioners claimed that the board of supervisors refused to call a special election despite the fact that they produced signatures of more than 800 qualified voters seeking such an election.

Under the law, they claimed, an election is mandatory.

Some 200 citizens demanded the special election when the board met here last Tuesday.

Board attorney Lucien Gue contended there were technical flaws in their petition.

The board refused to authorize the Chancery Clerk to make a check of the petition signers as to their status as qualified voters. However, an independent check was made by the League of Women Voters and other interested parties.

These figures were certified by Clerk A. C. Mitchell. Some 800 signers were found qualified out of an estimated voting registration of 3000. This would be sufficient to make an election mandatory under Mississippi law.

Holleman asked the judge to call the special session because "it is necessary to the public interest."

Judge Grant set the court session for 10 a.m. Saturday in the Hancock County courthouse.

Were it not for the special court session, the case could not be heard until the next regular session, in March, 1955. This would mean that, should an election order redistricting of the county, the new districting would not be in effect for the Democratic primary elections scheduled in August. However, should redistricting be effective by Jan. 1, the new beat lines would serve in the August primaries.

Route Hurricane Relief Through Local Red Cross

The local chapter of the American Red Cross is the official channel through which contributions to assist in the relief of the victims of Hurricane Hazel should be made, it was pointed out this week. Such funds will be specifically designated for disaster victims and transmitted accordingly.

Anyone wishing to make a contribution may mail or bring it to the Red Cross office located on the second floor of the Courthouse.

INJURED IN FALL

Mrs. Claud Monti is a patient at King's Daughters Hospital where she was taken following a fall at her home the early part of the week.

Mrs. Monti had just recently recovered from a serious injury incurred in a previous fall. She was sweeping the rear steps of her home on Touline St. when she lost her balance and fell. No fractures were incurred and the patient is suffering injured muscles.

Harvest Ball Hailed As Big Success

LEGION AUXILIARY HARVEST BALL COURT

HARVEST BALL ROYALTY—Left to right Carol Pfeiffer, Maid; Laurent Dickson, Duke; Betty Romanoff, Maid; Bert Estapa, Duke; King Clois Dedaux; Queen Lucille Luke; MC Gordon Romanoff; Duke Joe Benvenuti; Maid Mrs. Rene Bernard. Missing from the picture are Duke Russell Elliott and Maid Polly Competta.

The Harvest Ball held at the Legion Home last Saturday night was a huge success. Everyone had a wonderful time watching the crowning of the King, Clois Dedaux, and the Queen, Lucille Luke. Maids and Dukes were Russell Elliott, Polly Competta, Joseph Benvenuti, Mrs. Rene Bernard, Bert Estapa, Betty Romanoff, Laurent Dickson and Carol Pfeiffer.

After the crowning ceremonies several gifts were presented to the court, including a red rose corsage to the Queen and her Maids.

Delicious refreshments were served during the evening. Dancing was the main entertainment. The hall was beautifully decorated by the committee of the Auxiliary headed by Louise Estapa. This committee is to be congratulated on the well chosen decorations.

Many new Legion and Auxiliary members attend the ball for the first time and were cordially welcomed by the Auxiliary.

The response of members and their guests in making it an outstanding success has enabled the Bay St. Louis Auxiliary to continue with its annual program of providing Christmas gifts to the veterans in the VA Hospitals at Biloxi, Gulfport and Jackson.

Pictured above is a scene at the Hancock County Court House when the UN Flag was raised in United Nations week ceremony.

—Photo by Carol Pfeiffer.

Mrs. Charles F. Raymond Jr. and Mr. Raymond are married Saturday, October 17 at Trinity Church, New Orleans. She is the daughter of Mrs. Georgia Creel of Bay St. Louis.

COUNTY AGENT'S NOTES

BY HOWARD F. SIMMONS
Hancock County Agent

FALL ARMY WORMS

Farmers who are fortunate enough to have rats up had better be on the alert against fall army worm damage. These worms are general feeders. They strip the leaves from the plants. At first the worms feed close to the ground and are hard to find. Unless you keep close watch for them, they can strip your field before you realize they are there.

You can control them with either DDT or spray. Dust with 10 to 15 pounds of 5 per cent DDT or 20 per cent toxaphene per acre. Or spray with 2 pounds of toxaphene or 1 pound of DDT per acre. This would be 1 quart of an 8-pound per gallon toxaphene emulsion or one-half gallon of a 2-pound per gallon DDT emulsion mixed with enough water to cover an acre.

For detailed information see your county agent and get a free copy of Extension Publication 196, "Kill Field Top Insects."

PASTURES

Take advantage of the ASC program in planning fall and winter grazing crops.

The ASC is offering to pay around one-half the cost of seed and fertilizer and a dollar an acre for land preparation.

Some of the suggested places to plant this winter grazing are on land where cotton, corn, silage or hay has been harvested. You can take advantage of these areas that are already ready for planting and plant by the seed and seedling method. For specific details, see your local county agent.

DAIRYING

Artificial breeding offers the services of the best bulls obtainable to owners of small and medium sized dairy herds.

Here are some of the advantages of artificial breeding: The need for keeping an expensive and dangerous herd bull is eliminated. One or two cows can be kept in place of the bull. This way, if cows, if of good production ability, will pay their own way and also pay for the artificial breeding service on the average herd. Danger and trouble involved in keeping a bull is eliminated. Artificial breeding conception rate is at least equal to that of direct bull service.

There is less danger of spreading diseases that will affect the breeding of the herd. The bulls used in artificial breeding are selected by a much higher production than a large part of the best privately owned bulls, and the artificial breeding stud bulls are as good as the best bulls in the best purebred herds.

FORESTRY

The supply of locally pine seedlings is limited this year and distribution will be made on a first come, first served basis. Farmers are advised to check with local county agents as soon as possible and make requests for pine seedlings.

BONDS

U.S. Savings Bonds offer a convenient method of saving to replace farm machinery. Makes your plan now to put a part of all income into savings bonds so that when your tractor or other farm machinery needs replacement you will have the cash available. Remember, too, regular savings in U.S. Savings Bonds will pay interest at the rate of three per cent compounded semi-annually, will help greatly in educating your children. The savings bond programs offer security during times of emergency. Bonds can be converted into cash. The ideal goal is to have enough money in U.S. Savings Bonds to run the farm for a year even if you don't receive a single dollar from the sale of crops.

Please Don't Hurt My Little Girl

Today my daughter, who is 7 years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and wore blue gloves. Her teacher, Miss Smith, who is a young woman, sat on the front porch and whined his canine belief in the fall of education as she waved goodbye and started off to the hall of learning.

Tonight we talked about school. She told me about the girl who sits in front of her, the girl with yellow curls and the boy across the aisle who makes funny faces. She told me about her teacher, who has eyes in the back of her head, the trees in the school yard, and about the big girl who doesn't believe in Santa Claus.

We talked about a lot of things—tremendously vital, unimportant things, and then we studied spelling, reading, arithmetic—and then to bed.

She's back there now—back in the nursery sound asleep with "Princess Elizabeth" (that's her doll) cuddled in her right arm.

You guys wouldn't hurt her, would you? You see, I'm her daddy. When her doll is broken or her finger is cut or her head gets bumped, I can fix it. But when she starts to school, when she walks across the street, then she's in your hands.

She's a nice kid. She can run like a deer and dart about like a chipmunk. She likes to ride horses and swim and hike with me on Sunday afternoons. But I can't be with her all the time; I have to work to pay for her clothes and her education. So please help me look out for her.

Please drive slowly past the schools and intersections—and please remember that children run from behind parked cars.

Please don't run over my little girl.

Twenty-Five Years a Brother

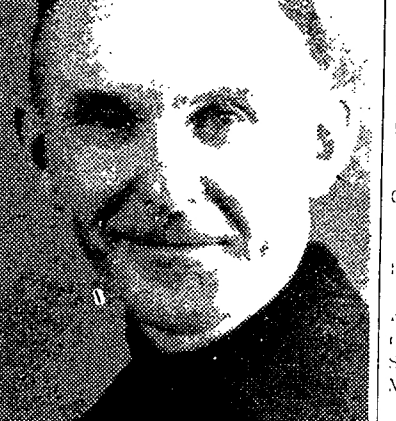

Brother Theophane Alles, S.V.D., is the only Divine Word Missionary Brother who has lived in the United States for 25 years in the religious life. He is now at St. Augustine's Seminary, St. Louis, where he is observing his Silver Jubilee in the religious life.

He entered the Divine Word Missionary Seminary at Techy, Illinois, in March, 1927, and pronounced his first religious vows in November, 1929. Five years later Brother was sent South.

Since 1934 he has been the efficient office manager for the Divine Word Missionaries in the South. He is now at St. Augustine's Seminary, St. Louis, where he is observing his Silver Jubilee in the religious life.

The small, slightly built Brother Alles, now of St. Gertrude's Parish, Chicago, celebrated his Golden Wedding Anniversary in April, 1953.

Brother Theophane arrived at St. Augustine's Seminary in 1934, just a few hours after a group of four No-

gro priests were ordained there. Those four new priests were the struggling seminarians' first fruits after years of bitter, hard work.

The new arrival felt then like some Johnny-Come-Lately tasting the sweet fruit of other men's labor. But the years were to give Brother Theophane an important and a mammoth share in the Seminary's endeavor to prove that Negroes can be priests.

Upon him fell the task of managing the administration office at the pioneering seminary. Bookkeeper, typist, filing clerk, shipping and receiving clerk, mail carrier, dispatcher, storekeeper, purchasing agent, Novice Masters' assistant, salesman, receptionist—Brother has been all this for one of America's key Catholic institutions.

After 25 years in the Lord's service the quiet, prayerful Missionary Brother observes what the years have achieved. From a few in number only 2 decades ago, Negro priests now number about 60. Negro youths are welcomed to the priesthood all over the land.

Brother Theophane's share in the success of America's first seminary for Negro priests cannot be measured. He contributed to that success by his skillful administrative work and by his long hours of fervent prayer.

"In my years down here," says the silver-jubilant, "I have seen God bless our southern apostolate. It has grown to an extent far beyond anything I expected 25 years ago. I hope that God will accept my future activities and prayers for the good of His cause as I hope He has accepted them in the past."

Queen and Court To Be Chosen By Team

Faculty, students and alumni of Bay High School are all looking forward to "Homecoming." Plans are being made for the night of Friday, November 12. The Tigers will play against Lacrosse.

Coch Lane Lumpkin says the boys should be in tip-top shape, if there are no major injuries between now and then. They will be in there the entire game playing to win.

"School Spirit will help very much," he added.

The traditional plans of the past concerning the court will be carried out again this year.

The Captain and Co-Captain will be Senior boys and the Queen and Maid of Honor will be Senior girls chosen by the football team.

The remaining Senior boys on the team will be Co-Captains, but will be allowed to pick a maid from any high school class. A Junior, Sophomore and Freshman boy will be chosen from their respective classes and will escort a girl from their class.

The Queen and her court will be presented to the Captain and Co-Captains and each girl will be presented with a bouquet of flowers at the half-time ceremony. They also will be presented to the alumni at an Alumni, Student and Faculty Dance at Bay High School following the football game. During the proceedings of the dance, the alumni will be introduced to the students and present will be honored.

—Bay High Student Prints.

Training at Warren AFB

Alc. Vernon L. Bermond, son of Mr. and Mrs. Leo Bermond, 434 Ballentine, is presently being trained as a Fixed Wing specialist at Francis E. Warren Air Force Base, Wyoming.

At this historic former Cavalry Post, outside Cheyenne, the air force is training Airmen in many specialties. At Warren, officers and airmen are trained to become automotive, utilities, telephone and teletype operators, as well as repairmen, inspectors, instructors and supervisors, administrative and supply technicians.

Bay Business Shows Increase

Data from the 5 cities in the Biloxi-Gulfport district indicated an increase in business activity of about 4 per cent during August, 1954, above that for August, 1953, as shown in the current issue of the Mississippi Business Review, an official publication of the Bureau of Economic Research, U.S. Department of Commerce.

The largest activity for the month was in retail trade, which showed an increase of about 12 per cent over that of a year ago, and an increase of approximately 27 per cent over that for July, 1954.

Incomplete bank debits showed an increase of about 22 per cent, while postal receipts were up by 1 per cent and telephone in service showed an advance of nearly 8 per cent.

Money order sales were 5 per cent less.

PASS CHRISTIAN Business activity in Pass Christian was down 6 per cent from last year and approximately 2 per cent under July 1954. Bank debits were off 20 per cent and money order sales fell nearly 3 per cent compared with August, 1953. Other indications showed increases as follows: 12 per cent for postal receipts and 13 per cent for telephone in service.

PICAYUNE Picayune had nearly 10 per cent more business activity during the month than for August, 1953. However, there was a decrease of 3 per cent from the month before. Incomplete bank debits showed a decrease of 5 per cent from the year before. Money order sales increased about 13 per cent, postal receipts increased 27 per cent and telephone in service increased 7 per cent over August, 1953.

GULFPORT General business activity in the City of Gulfport exceeded that for August, 1953 by about 8 per cent, but it dropped almost 4 per cent from the month before. The city sales tax collections were virtually the same as for August, 1953. The other indicators showed increases as follows: Bank debits, 13 per cent; money order sales, 5 per cent; postal receipts, 17 per cent; telephone in service, 1 per cent; electric connections, 4 per cent; and gas connections, 7 per cent.

BILOXI City sales tax collections for the City of Biloxi lagged behind those of August, 1953 by 8 per cent. Bank debits, money order sales, postal receipts, telephone in service, electric and gas connections were in excess of last August. The city had about the same business activity as a year earlier. However, there was about 4 per cent more than for July, 1954.

LETTERS

To the Commander, Clement R. Bontemps Post 139, The American Legion, Bay St. Louis, Miss.

It is with regret that I am forced, in my behalf and in my defense, to write you regarding certain rumors or accusations reputedly emanating from some of the members of your fine organization.

I feel that a grave injustice has been done and that reasonable steps should be taken to correct the same.

It is my belief that each and every citizen in our locality will agree that the American Legion has openly endorsed a movement for a hospital in Hancock County and for which the organization should be commended.

For its effort and pursuit in seeing the program through.

But, by the same token, the mechanics of the proposed site cannot be completed without the sanction of the governing officials of the county.

At the September meeting of the Board of Supervisors of Hancock County, application was made to the state and federal government for funds to build a hospital in this county with the county's pro-rata to be appropriated in the amount of \$70,000 and in order to obtain the county's pro-rata it would be necessary to issue bonds in the amount of \$70,000.

Accordingly, at the September meeting, notice was given, as required by law, by publishing a notice in the local newspaper, that it was the intention of the Board to issue bonds not in excess of \$70,000 as the county's part in the building of the said hospital.

The notice provided that if anyone objected to said bond issue, that said objection or objections must be filed with the Clerk of the Board on or before Monday, October 11, 1954.

During the period between the issuance of said notice and prior to the completion of the publishing of said notice as required by law, the county's application for state funds was returned to the Board of Supervisors by two members of the State Board of Health.

At the September meeting, the said application was reviewed and the said application was rejected.

At the same time, the said application was rejected, the two representatives of the Hospital Board, along with the County Health Officer, made a tour of the prospective sites and it was decided that either of two of the proposed sites

would be readily acceptable and that the said application be made acceptable by certain of the members of which I am a member.

The two objections from the hospital Board at that time, discussed the matter with myself, as Clerk of the Board, and with Mr. Lucien Gray, the Attorney for the Board, and the application was rejected.

At the September meeting of the Board of Supervisors, the following Monday morning, to be executed, but the Board of Supervisors stated that it should not sign the application until they knew some more would be no for the purpose of the bond issue.

Therefore, I, as Clerk of the Board, immediately by letter, the application back into safe keeping, in response of the Board until Monday, October 11, the date set for the meeting when action would be taken.

But on the afternoon of October 8, Mr. Forrest Fowler, of the State Board of Health, called me by telephone from Jackson, Mississippi, and informed me that it looked as though funds for the county hospital would be available until the 1955 appropriation.

During said conversation, I questioned Mr. Fowler as to why the funds would not be available until the 1955 appropriation, and he replied that it appeared to him that there would not be ample time for all the preliminary work that the application had not been received.

The following Monday morning I conveyed this information to the Board and placed the unsigned application before the members of the Board. I was directed by the Board to contact Mr. Fowler by telephone and ask if he would be kind enough to write the Board, either directly or to myself, as to what had happened as it was the understanding that it was the intention not to execute the application until the October 11 meeting. I delivered this information to Mr. Fowler but as of this date, October 23, 1954, no reply has been received. Incidentally, the application still remains in my office and has not been executed by the Board.

I do believe that you, along with the ones who point an accusing finger, understand that the Clerk of the Board is an employee who works under five supervisors, that he has no voice whatever in making decisions or failing to make a decision.

THEREFORE, THE CLERK OF THIS BOARD OF SUPERVISORS, OR ANY CLERK OF ANY BOARD OF SUPERVISORS, SHOULD NOT POINTED AT FOR THE DECISIONS (OR INDECISIONS) OF A BOARD IN WHICH HE HAS NO VOTE AND, ACCORDING TO LAW, IS OBLIGATED TO CARRY OUT WHATEVER INSTRUCTIONS SAID BOARD MAY DIRECT TO HIM.

That, my dear Commander, is why I feel aggrieved at the accusations that I "pigeon-holed" the hospital application in order to prolong or delay the processing of said application.

Respectfully yours, A. C. MITCHELL

Bay High Tigers Edged 22-20 by Poplarville; Stanislaus Defeated 34-0 By Reserve

Despite outstanding performances by Kent Seller and Clayton Adam the Poplarville Hornets were able to outdo a final quarter rally of the Bay High Tigers and emerged with a 22-20 triumph in their gridiron meeting Saturday night in Poplarville.

A safety early in the second quarter proved to be the margin of victory as both squads went on to score three touchdowns and two extra points.

Poplarville opened the game by kicking to the 10 and the ball was run back to the 28. The Hornets held Bay High to a standstill so the Tigers punted down to Poplarville's 26. Moments later Bay High's Donald Cule intercepted a pass and drove down to the 31 but the Tigers lost the ball on downs. With the aid of a dropping of to yards by Kent Seller Bay High held Poplarville pat and forced them to kick. The kick from the 16 went 42 yards to Bay High's 22. Again Bay High couldn't gain so they kicked back to the 43 yard line of Poplarville. The Hornets began a drive and went to Bay High's 16 but with the aid of a 15 yard penalty and a 13 yard ended by Seller, the Hornets tucked and they went into punt formation as the quarter ended.

Poplarville punted from the 45 and the ball was fumbled by Cule in the end zone. Cule fell on the ball, awarding the Hornets a safety which later proved to be the margin of the battle.

Co-Captain Seller kicked off from the 20 and sent the ball deep into Poplarville territory where it was run back to the 18. A quick 15 yard pass on the play against Poplarville put the ball on the 3. The Hornets got up to the 22 and kicked to the 48. Four short runs, a 20 yard pass from Cule to Seller and a 15 yard pass with the same combination gave Bay High a touchdown and with Adam's conversion it gave the Tigers a 7-2 lead halfway through the second stanza.

Seller again sent his kickoff high and far and after it had gone into the end zone it was brought out and placed on the 20. In 8 plays the Hornets completed their 80 yard march with Russell Sinequfield going over from the 4 with 54 seconds remaining in the half. Kirkland converted and Poplarville led 16-7.

A short kickoff was taken by Bay High and run to the 41 yard line of Poplarville but the clock kept running and Bay High was able to get in only one more play before the half ended.

Seller opened the second half by kicking off and recovering a fumble on Poplarville's 32 on the play. However, Bay High lost yardage and the Hornets took over on the 38. Poplarville was good for a quick 25 yards but then were forced to punt. A 54 yard boot rolled out on the 3 yard line of Bay High. The Tigers couldn't penetrate the Hornet line so they went into punt formation. Cule's kick was partially blocked and went to the 23. Three quick plays climaxed the short drive, with Bass handing off to Spiers for the touchdown. Kirkland again converted and Poplarville led Bay High 16-7.

The DeSoto Conference tilt went into full battle in the final stanza with both teams bringing the fans to their feet with their outstanding plays.

After Bay High had received the kickoff and advanced to the 50 they were forced to punt but the kick was lopsided and went only 13 yards, to the 37 of Poplarville. The Hornets lost and gained and lost again when they fumbled on the 45 yard line with the Tigers recovering. Bay High's drive was quickly climaxed as Cole passed 18 yards to Adam and tossed 22 more to Adam with the left end going over for a touchdown.

Adam's attempt at the extra point was blocked and Poplarville still led, 16-13.

Seller again sent a long kick into Poplarville's territory but the Hornets kept pushing forward and began a drive into Tiger country only to have it ended when Bay High's Clayton Adam brought the stadium into an uproar when he intercepted a lateral and raced 54 yards to give Bay High the lead. Cole passed to Seller for the extra point to give Bay High a 20-16 lead.

Another outstanding kickoff by Kent Seller put the ball down to the Poplarville goal line and Seller himself, for the second time, broke downfield to make the tackle on the kickoff, stopping the Hornet player on the 15.

The tension was high and the clock was running into the final minutes of play, but runs of 18, 13 and 12 yards and a 12 yard pass put Poplarville down to the 31 yard line of Bay High with about three minutes left in the game. Quarterback Edwin Bass faded back and tossed into the end zone to Pat Morris for the game winning touchdown. The extra point failed and Poplarville led 22-20.

Poplarville kicked off to Bay High with about 2 minutes and 45 seconds to play, but three plays saw the Tigers still around the 45 yard line and they went into punt formation—and punted. The Hornets ran the punt back to midfield and seconds later the game ended.

Rocks To Invade Indian Territory Tomorrow Night

Still seeking a win after their season opener, the Junior Rockachaws will invade Biloxi tomorrow night to meet the Big Blue Indians.

Biloxi, like St. Stanislaus, has been off stride and has lost most of its games by margins of just a couple of points. Last week they lost to the powerful Brookhaven eleven, 20-6. Biloxi has a 2-4 record this year. They defeated McComb 20-13 and Robertsonville 14-6. Alabama 19-0. Picayune edged them 8-6 and Moss Point stopped them 16-7.

Stanislaus coach Farley Day said that Biloxi will run from a fast Split-F formation and will be one of St. Stanislaus' toughest games of the season.

The Rockachaws will be at their best on passing so they will rely greatly on the driving of fullbacks Rhodes and Hargrove and fullbacking of Santa Cruz and Aldape.

"We will have to play one of our better games Friday night," Coach Day said. "Biloxi has improved considerably since the season began and they have really had some tight games."

Rockachaw lineman Alvin Scalfidi told the EAGLE that Biloxi "will be a hard game" but he thinks the Rocks will be "up in shape" for the contest.

Quarterback Dickie Fakier said, "The way I hear it, Biloxi has a good ball club, and we will have to play our best ball game of the season."

Back Larry Mathes added a plan "I think we can beat them."

Biloxi will be going all out for a victory as they have lost four games and a win this week is just what they need. But the Rockachaws have won only one and they will be trying even harder to add a win to the column.

The Indians, who failed to complete a pass in last week's tilt with Brookhaven, will stress passing as St. Stanislaus' pass defense has proved weak the last few games.

All in all, both teams are victory hungry and the game should prove a close one, although Biloxi is the favorite.

Tigers Touring To Petal Tomorrow In DeSoto Tilt

The second of four consecutive DeSoto Conference teams will be met by Bay High tomorrow when the Tigers journey to Petal.

Petal, who was shut out 26-0 by Poplarville and dropped an 18-12 count to Lucedale, is the only team yet to battle evenly with league-leading Brookhaven, which earlier had dropped a 13-12 tilt to them.

Tiger coach Lance Lumpkin has been warning the Bay High players about the successful passing attack of Petal. Their Bobby Hedgewood has aided Petal through the season with his touchdown tosses. Petal has only lost two games. The Tigers have a 3-3 record.

Lumpkin, who scouted the Poplarville-Petal game, said Petal has a fast and hard hitting squad. In the tilt Lumpkin saw, Petal fumbled a lot which resulted in such a wide margin of defeat.

"The passing of Petal is terrific," Coach Lumpkin said. "We hope to break up some of their passes, and that will be a must if we are to be the victors."

The coach added that Petal will be a three or four touchdown favorite over Bay High.

"Bay High played a ragged game last week and we hope to correct our mistakes before game time," the Coach declared.

Bay High had a few minor injuries in the Poplarville battle but they will be taken care of before the coming game.

The Purvis game has been changed to a home contest for Bay High and will be played the following week.

KILN WILDCATS HOSTING POPLARVILLE B SQUAD AT KILN FIELD TODAY

This afternoon the Kiln Wildcats are playing host to the Poplarville "B" squad at the new Kiln football field.

Last week, in which the Wildcats had an open date, the Kiln squad won the exception of the Senior players, held a scrimmage with the St. Stanislaus Juniors at the Kiln Field. The Rockachaws racked up a 28-0 score.

Kiln Coach L. C. Ladner was able to get a look at his prospects for next year and he seemed pleased with the material with which he will work.

Kiln will complete their season November 5 when they meet Notre Dame in Biloxi.

THE LEAGUE OF WOMEN VOTERS OF BAY ST. LOUIS REMINDS YOU TO VOTE ON NOVEMBER 2ND.

JUNIOR ROCKACHAWS 19-6 VICTORS OVER ST ALOYSIUS JRS.

Riley Adams, running fullback who leads from New Orleans, led the Junior Rockachaws to a 19-6 victory over the St. Aloysius Junior squad Tuesday afternoon in New Orleans.

Riley ran around end 40 yards for an early first quarter score, and later in the same stanza took a 15 yard pass from quarterback Tammy Monti and ran the remaining 20 yards to score.

In the third period he went 28 yards after the play was set up by Monti's 25 yard toss to Davis. Sidney Dousson added the extra point.

St. Aloysius' only score came late in the final period when Dousson fumbled a punt and a St. Aloysius end picked up the ball and ran 30 yards to the end zone.

Brother Hubert, coach of the Junior Rocks, noted that the line added greatly in the victory. He said that the line played a very good game and kept the New Orleans squad to hit the gain throughout the contest.

November 7, St. Stanislaus meets Bogalusa, but Brother Godfrey, assistant coach, said that they hope to schedule two games before that date.

St. Stanislaus has a 2-3 record thus far this season.

Score by quarters:

STANISLAUS 12 0 7 0 - 19

ST. ALOYSIUS 0 0 0 6 - 6

The opening kickoff to the Rockachaws was returned to the nine yard line by the driving of fullback Woody Santa Cruz, but from then on St. Stanislaus was held pat and the Reserve Wildcats went on to maul the Bay St. Louis team 34-0 in their afternoon meeting Sunday in the Louisiana town.

Reserve remains undefeated in their 7 games and tied only by St. Aloysius of New Orleans.

Woody Santa Cruz took the opening kickoff on the 28 yard line and wasn't stopped until pulled down from behind in the 9 yard line. The Rocks lost the ball on downs, but two plays later regained control of it when Robert Pflieger recovered a fumble on the 21 yard line. The Rocks marched down to the 12 but again lost on downs. Reserve drove up to the 30 and punted, with the runback placing the ball on the 41 in SSC territory. St. Stanislaus drove to the Wildcat 44 but relinquished the ball on downs. After a short gain, quarterback Delaneville hit halfback Terno with a 38 yard pass and he was brought down on the 9 yard line. Al Brady then skurled around end for the score. Steve Delaneville converted his first of four boots.

On the first play of the second quarter SSC took the kickoff on the 16 and marched to the Reserve 43, but Rockachaw quarterback Dickie Fakier's handoff to back Willie Rhodes was fumbled and Mike Traffico picked up the ball around the 41 yard line and ran the distance for the touchdown. The extra point was good.

A short kickoff was run back to the 41, where Stanislaus stayed until forced to kick. End Jim Schenneyer got back to punt and kicked the ball about 15 yards with it bouncing back 10 to the 46 of Stanislaus. Reserve was unable to gain, and punted to the SSC 21.

Walter Gex broke through the line for a 29 yard center up to the 49. Run by Rhodes and Fakier brought the ball down to Reserve's 19, but Fakier's pass to Schenneyer was intercepted and Reserve held the ball until the half ended.

The Rocks were good for 7 first downs in the first half and gained 117 yards, but lost three fumbles and had one pass intercepted. Their lone first half punt went only 5 yards. Neither team was penalized in the first half.

The Rockachaws kicked off to Reserve, and after two plays, Nemour Maurin broke through for his first of three touchdowns, going 45 yards.

Three plays after the Reserve kickoff, St. Stanislaus fumbled and lost the ball on the 42 yard line. The Wildcats went down to the 28 where they punted out of bounds to the 2. The Rocks pushed to the 8, then punted to the 14. A few plays later the Rocks intercepted a pass and sent to the 41. Willie Rhodes broke through for a 10 yard gain but fumbled on the 46 of Reserve and lost the ball. On the next play Maurin sent 54 yards to score.

Stanislaus ran the kickoff to the 31, coker then completed a 28 yard pass and put the ball on the Reserve 41. They then lost on downs and Reserve took over and went to the 50 where they fumbled with St. Stanislaus recovering. Two plays saw SSC pushed back to the 32, where the punted down to Reserve's 24. The Wildcats were held and kicked to the 32 yard line, still in their own territory. With only 24 seconds left in the game Maurin intercepted a lateral and raced 66 yards to score his third touchdown of the half. Stanislaus took the kickoff and the game ended on the play.

About 2,000 fans were on hand to witness Leon Godchaux High of Reserve celebrate their homecoming.

The motoramic Chevrolet for '55

Chevrolet and General Motors took a whole new look at the low-cost car—and just look what happened!

NOW BEING SHOWN!

The Bel Air Sport Coupe—one of 14 new Fisher Body beauties in three new series.

The valve-in-head V-8 as only the valve-in-head leader can build it!

8

Now Chevrolet, the leading builder of valve-in-head engines, introduces the "Turbo-Fire V-8." It carries the V-8 4-cylinder to a new high in efficiency with its high-horsepower (162), high-compression (8 to 1), high performance and surprisingly high gas mileage. Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

6

You can choose from two new sizes, too!

Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture—all at a modest price. It's something that took a lot of doing and that only the world's leading car builders could do. Everything's new in this Motoramic Chevrolet from its lower top right down to its tubeless tires. Come in for the most fascinating visit you ever made to an automobile showroom!

The motoramic Chevrolet

More than a new car—a new concept of low-cost motoring!

Gulf Chevrolet Company

BAY ST. LOUIS, MISS.

WAVELAND

WANDERINGS

by

GEORGETTE B. HALL

James Mayfield, pilot for Delta C & S Airlines, spoke to the fifth, sixth, seventh and eighth grades of the Waveland School Tuesday on a subject which was not only informative and educational but most entertaining to this section of the student body and faculty. His topic, "What Makes Airplanes Fly," was presented in terminology simple enough to be comprehended by the students.

Mr. Mayfield accompanied his discussion with blackboard diagrams which helped to illustrate his topic more clearly. He discussed "take offs," gravity, mechanism of a plane, and flight control. He pointed out the uses that towers and beams play in instrument flying.

Coordinating his ideas on flying, Mayfield distributed beautiful pamphlets on flying to each student and teacher. These booklets also contain an instructive route which is flown by pilots of Delta Airlines, encompassing sixteen states and six countries. The students learned that the Delta C & S Airlines, a fleet of ten Douglas DC-7's which represents a total investment of over seventeen million five hundred thousand dollars.

Each luxurious liner seats 69 passengers and cruises at a speed of 365 miles per hour even at a height of 25,000 feet. Top speed of these planes is 410 miles per hour.

Mr. and Mrs. James Mayfield are now residents of Waveland. They have four sons, three of whom attend the Waveland School.

According to Miss Perkins, principal, Mr. Mayfield's discussion was one of the highlights of the school's assembly programs. She said that the talk would have been equally interesting to high school and college students.

Miss Mary Perkins, principal of the Waveland School, and the faculty, have announced that the following students have made the Honor Roll for the first six weeks of the school year:

FIRST—Carolyn Slocum
SECOND—Travis Bozeman, James Lader, Stanley Weidman
THIRD—Carolyn Ann Bourgeois, Edna Bourgeois, Wallace Bourgeois, Lynn Hoggins, Alvin Lader, Mary Beth Lader, Barbara Noonan and Jo Ann Saucier

FIFTH—Paula Crider
SIXTH—Rene Renolds, Patsy Noonan, James Mayfield and J. D. Bourgeois
SEVENTH—Patsy Bozeman, Lynne Hall, Sallie Yarborough.

Mrs. Bjorn Lister returned this week from a trip to Louisville, Ky., where she went as delegate of the Louisiana Nursing Home Operators Association to the convention sponsored by the American Nursing Home Operators. About 3000 women from all over the country attended the meeting. Mrs. Lister was doubly honored while in

Louisville by the Honorable Andrew S. Broadus, mayor of Louisville, who presented her with the key to that city. Last Saturday evening Mrs. Lister was the guest of honor at a party given by Charles Miramon of the New Orleans Board of Health. The party was held at Mr. Miramon's home in Burbank Drive, New Orleans.

Mrs. Georgette Hall was honored guest last Thursday evening when Mr. and Mrs. Walter James Phillips entertained a few close friends at a dinner party celebrating the recent publication of Mrs. Hall's novel, "House on Rampart Street." Enjoying the delicious pheasant, champagne, and Danish dishes for which Inger Phillips is famous were Mr. and Mrs. Gary Taylor, Mr. and Mrs. Eddie Heath, Mr. Norman Hall and Mr. and Mrs. Walter Phillips.

Guests of Mr. and Mrs. Ed Gipson during the week-end were Mrs. Ed Gipson and children, and Mr. and Mrs. Huff and daughter, Marlene. Visiting the Gipsons on Sunday were Mr. and Mrs. Walter Gipson and children of New Orleans.

Mrs. C. J. Piazza and new infant daughter are at home this week with Mrs. Piazza's parents, Mr. and Mrs. Walter Turcotte.

Mr. and Mrs. Harry Carver visited Mr. and Mrs. Walter Carver Saturday.

Weekenders at "Cricket Hearth" were Mr. and Mrs. Paul Haggerty; Mr. and Mrs. I. Luviolette and children, Mary Agnes and Johnnie; Mr. and Mrs. Edson LeCompte and children, Leonard Wayne and Susan; Miss Marlee Collins and Mrs. John Bosio.

Mr. and Mrs. Ott Brockman and daughters, Peggy Ann and Christine, have returned to Hattiesburg after spending a two weeks' vacation with the Brockman family and with relatives in Lakeshore.

Norman B. Hall, captain of the Tulane "Greens" in 1937, was among the gridiron's "Great" who were present at halftime ceremonies Saturday to honor Jerry Dalrymple, recently elected to football's Hall of Fame. At the half, with Tulane and Georgia tied 0-0, the men gathered on the field and were presented individually to the spectators. Also present was John Scalfie, Mayor of Bay St. Louis and famous football player of Tulane's Rose Bowl days.

Mrs. Ruth Ketchum, resident of Waveland and music teacher at the Kiln High School, walked off with a grand total of six prizes—four of the first place—for her various entries at the Kiln County Fair last Friday.

First place awards went to Mrs. Ketchum for her crochet spread, flower

SPORTS VIEWS and REVIEWS

BY CHRISTOPHER BELL

The jamboree bowl affair has received a severe jolt. The jamboree, which has proved so popular in Louisiana, would be hard to stage in Mississippi, as the Mississippi high school athletic code counts such short games as a regular game.

Any tussle, even scrimmage, that involves teams from two different schools is counted as a game in Mississippi. Teams like St. Stanislaus and Bay High, who of course would be invited, have ten games already on their regular schedule. If either, or both, of these squads winds up in post-season championship playoffs, then that would account for 11 games the limit allowed in Mississippi.

So, as the Picayune Item put it, the jamboree idea goes in "File 13, maybe to relieve at some future time when, and if, the athletic code is amended."

Nomour Maurin was too much for the Rockchaw Sunday when they dropped a 2-0 game to the undefeated Reserve Wildcats Sunday afternoon. The Leon Guechoux High student is a top nominee for Double-A All State honors in the backfield.

Maurin galloped for three second half touchdowns on runs of 45, 55 and 65 yards. The latter was an intercepted pass late in the final quarter.

He has been averaging almost 10 yards a carry in Reserve's six games and is a prime candidate for all-state honors.

Mike Traffiano, the Wildcat guard, is also an all-state candidate along with left tackle Reno.

The Rockchaw contest with Biloxi should be closer than the slaughter witnessed Sunday but the Rock backfield is still not clicking the way it should. Brookhaven rolled over the Indians 20-6 last week, but Biloxi should recover in plenty of time to meet the fading Rockchaws.

In their first of four DeSoto Conference tilts the Bay High Tigers lost to the Poplarville Hornets 22-20 in their action packed gridiron foray last Saturday night at the Pearl River Stadium.

Although they were completely outclassed by the powerful Poplarville squad, the outstanding playing of Kent Seller and Clayton Adam kept the Tigers in the game until the final seconds of play.

Seller repeatedly set the Hornets back for long losses with his fast breaking of the line, while Adam kept a clear head throughout the complete contest and turned Poplarville's flailing into scoring situations for Bay High. Bay High's next two tilts will be with Petal and Purvis. Poplarville topped a total 26-0 and handi Purvis a 31-7 setback. November 5 the Hornets meet Lucedale and the following week Bay High hosts Lucedale in a homecoming game. All the teams are members of the DeSoto Conference.

Petal defeated Purvis in their opening tilt this season. Petal later fell to Lucedale 18-12.

Picayune Maroon Tide dropped their first game this season when the Pascagoula Panthers stopped them cold with a 20-7 setback. The Maroon Tide's only score came with 45 seconds remaining in the game on a 33 yard pass from Holcomb to Samples.

Bay High ends their season playing Picayune November 19 in the tung oil city.

Picayune again will face a powerful team Friday when they journey to meet Gulfport High. Last week Moss Point defeated the Commodores 27-6 to spoil a homecoming game. Picayune should take this one by two TD's.

Defeated for the third time in six starts the Pirates of Pass Christian host Our Lady of Victories of Pascagoula tomorrow night. The small but injured Pirate squad has little hope of obtaining another victory the rest of the season, for after OLV they face Perkinson and Long Beach.

Ordinarily, Perkinson and Pass Christian would be an even match, but the Pirate team is weakening each game and after the OLV tilt it will be a sad finish of the season. The hopes of the team lie with Jerry Palmisano, Jimmy Allen and the Tillman brothers, Dolph and Leo. If these lads can stay in the game the Pirates

arrangement, copper ware and a 48-year-old doll with a china face. Third place honors were given to Mrs. Ketchum for her patchwork quilt.

This is a fish story sent in to this column. It is about the big one "that didn't get away."

"Again the Carbajals landed a big fish—but neither of the men actually caught it—only landed it!"

"A colored man on the train bridge had hooked a big drumfish, estimated to weigh about forty or forty-five pounds. The Carbajals, fishing under the bridge with the help of a friend of theirs, Henry Miller of New Orleans, gaffed the fish into their boat, tied a rope on this piscatorial heavyweight, and the colored fellow up on the bridge pulled him up and took him home."

"We wonder if he told that it took three other people besides himself to 'beat the drum!'"

Mrs. O. H. Winterrowd and daughter, Elizabeth, of Shreveport, La., spent an enjoyable week at the beach home of the Carbajals. Mr. Winterrowd joined the group for the week end. It was a week of pleasant memories for the Winterrowds, as it was in Waveland years ago that they first met.

WIGGINS TOMCATS PASTE PIRATES 27-6

Earl Hickman, the running fullback of the Wiggins Tomcats, was too much for the Pass Christian Pirates as he paced his squad to a 27-6 pasting of the Pirates Friday night at the Pass field.

Hickman totaled 21 points as he scored three touchdowns and converted three extra points.

The Wiggins fullback scored twice in the second quarter on runs of 14 and 50 yards. Gary Steward, halfback of the Tomcats, scored the visitors' other second period score when he went over from the one after Wiggins had recovered a fumble on the Pass Christian three yard line.

Pete Stegenga, a 135-pound sophomore, moved in at quarterback for the Pirates and sparked their lone touchdown drive by completing a 46 yard pass and an 18 yard toss to end Bobby Lader in the end zone for a second period score.

Hickman added Wiggins' final touchdown in the fading seconds by going over from the 5.

Friday the Pirates host Our Lady of Victories of Pascagoula, who had upset Bay High 12-8 earlier in the season.

	PC	WIG
First downs	5	8
Passes attempted	12	2
Passes completed	4	0

Fumbles lost	2	1
Yards penalized	25	35

WIGGINS 0 21 0 6 - 27
PCHS 0 6 0 0 - 6

might pull the Perk game out of the fire.

In the Reserve-St. Aloisius tilt September 12 the Crusaders were penalized 95 yards before they could get off three plays. An illegal formation and carrying their plays possibly cost them a victory, as they were tied 13-13.

In 1905, S. J. Serrell, Pontiac, Mich., traveled 8 miles an hour in his auto through the streets of Birmingham, Mich. He was arrested for reckless driving and speeding and was fined \$10.

In 1901 the Cadillac people carried ads which contained coupons. Those who presented the coupon could have a free ride.

Bay High has already arranged with Lumberton for a September gridiron meeting in 1955. Lumberton is a member of the DeSoto Conference. As we understand it, a DeSoto member next year must meet at least six other members of the 8 team group to be eligible for the title.

PASS CAGERETTES DROP OVERTIME TILT 49-48; BOYS LOSE, 50 - 33

A charity toss in a three minute overtime period cost the St. Joseph Shamrocks a 49-48 contest with the Sellers Green Wave at Pass Christian High School gym Tuesday night.

The SJIS cagers came from behind late in the final quarter to force the tilt into overtime but a free shot by the Green Wave's Shirley Lader gave Sellers the win.

The Shamrock's Mildred Logan took the night's scoring honors as she bit for 34 points, netting 42 per cent of her shots. Shirley Lader led Sellers with 19.

In the boys' game Sellers defeated St. Joseph lads 50-33 with David Smith hitting for 16 tallies. Vernon Garriga totaled 9 for the losers. Sellers had a 25-21 halftime lead and then pulled away for their 4th victory without a setback.

Sellers also took a "B" contest 21-13.

Last Thursday St. Joseph dropped a twin bill to the Savannah Yellow Jackets at Savannah's gymnasium.

The Yellow Jackets coasted to a 66-47 win over the St. Joseph lads with Marlon Pace netting 18 points. Dale Hoda was the Shamrock's high scorer with 9. It was Seller's fourth win with two setbacks.

In the girls tilt Savannah downed St. Joseph 53-33 with Finnie Lee Patton scoring 23 points. Mildred Logan had 21 for the Shamrocks.

The St. Joseph Shamrocks now have a 0-4 record as both teams have lost in their first four starts this season.

Tonight they host Dedeaux at the Pass gym.

THE LEAGUE OF WOMEN VOTERS OF BAY ST. LOUIS REMINDS YOU TO VOTE ON NOVEMBER 2ND.

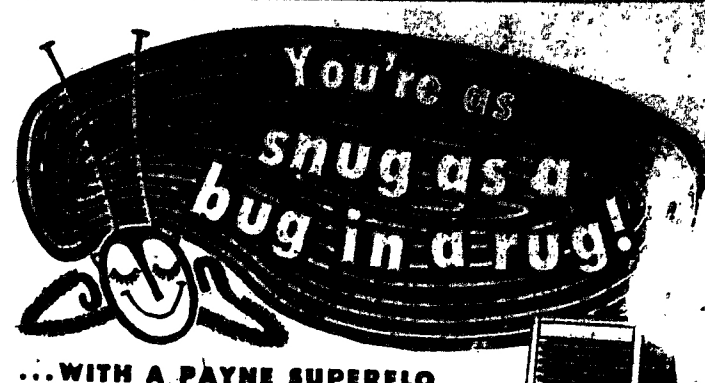

Home Economics Girls To Model Fall Fashions

The girls of the Homemaking Department are rapidly progressing with their sewing, the first project of the school year. Some of the girls are making fall dresses, while others are making suits and coats. Many of the girls selected corduroy as their choice of material, while others chose woollens and winter cottons.

After they have completed this project, each girl will model what she has made in the Fall Fashion Show, scheduled for November.

Mrs. Juanita Erwin, Homemaking teacher, stated that the girls are doing exceptionally well, and should complete their project soon.

YOUR CHAMBER OF COMMERCE

Many people ask "What is a Chamber of Commerce?" One definition is that it is the organization which brings people together in a concerted effort to better their community, and then works to keep the people together on behalf of the community.

Membership in the Chamber of Commerce brings you the cooperation of the most able businessmen in the community. It brings the cooperative effort of your fellow citizens to do things for your interest which you cannot do alone.

Every business and professional office is dependent upon an increasing flow of people. Bringing people to this community, treating them courteously, making them satisfied and extending to them just a little more personal service is a basic function of your Chamber of Commerce.

Membership in the Chamber buys you that service at a cost of just a little more than One Dollar a month. As far as possible the Chamber of Commerce will bring that service to all, whether they are members or not, but no service organization can serve successfully if it does not have the support of a substantial number of the people in the community. Won't you do your part? Join the Hancock County Chamber of Commerce—and even more important, be an active member who helps to direct the activities of your Chamber of Commerce.

In Biloxi, on Wednesday, Oct. 27, was held the annual Diocesan Teachers' Meetings for the faculties of the Catholic schools of the Southern area of the state. Attending from this area were the faculties of St. Stanislaus, St. Joseph Academy and St. Rose of Lima. The Teachers' Institute was under the direction of Rt. Rev. Geoffrey O'Connell, MA, P.D., Diocesan superintendent of schools and Rev. Joseph A. Koury, MA, assistant superintendent of schools.

Roderic Bland, MA, SC, headed one of the discussion groups at the secondary level on the topics "Administering the School" and "Testing the School." The Institute was opened by a Missa Recitata sung by Father Koury and recited in unison in Latin by the Religious attending from the various schools. Conferences and discussions were held throughout the morning and afternoon in the elementary and secondary fields. All in attendance were guests at lunch at the faculty of the Sacred Heart School in Biloxi and Rt. Rev. Geoffrey O'Connell, Pastor of the Church of the Nativity of the Blessed Virgin, of Biloxi.

St. Stanislaus and St. Joseph Academy commemorated UN Week with a joint school assembly in the St. Joseph Auditorium Friday at 1:30. Father Hugh Taylor, Assistant Pastor of Our Lady of the Gulf Church, gave the principal address. He spoke on his impressions of his visit to the United Nations Assembly.

Others participating in the program were: Stanislaus Band, Ernest A. Yates Jr., Miss Dorothy Larroux, Edward Perry, Miss Alice Scaife and the student bodies of both schools.

At St. Stanislaus, displays were made, the UN Flag was flown all week, and on Friday night, both schools attended a dance in the Stanislaus gym in celebration of UN Day.

Senior Class Selects Fifth Avenue Design

The Seniors are anticipating the arrival of their class rings and expect to have them some time after the Christmas holidays. Mr. Charles Scott of the Herff-Jones Company visited the school October 6. The Senior class chose the Fifth Avenue design. These rings are square, set with the traditional Bay High Crest. The year "1955" will be on the side of the rings, and the owners' initials will be on the inside of the ring. Some of the students ordered plain metal rings and others selected rings with a blue or white stone.

BAY ST. LOUIS, MISS.

HARNESSED OL' MAN RIVER PROVES ONE OF STATE'S BIGGEST ASSETS

The Mississippi River, a vital factor in the physical and economic growth of the United States since the early settlement of the American continent, is probably the most important single natural asset which Mississippi possesses.

The "Ol' Man," contrary to popular belief, today carries far more tonnage than ever before, and Mississippi with three potentially important ports of Greenville, Vicksburg and Natchez, is strategically located to attract the industries and commerce which the river has brought to Dixie in recent years. Evidence of this can be witnessed at any of the three above mentioned ports.

The Mississippi, widely temperamental in its 1,000-mile trip to the Gulf, was working for the state long before Hernando de Soto discovered it in May, 1541.

Although now substantially harnessed by the Corps of Engineers, the rich deposits of soil, by the river during its rampages in the Yazoo-Delta has made it the richest cotton land in the nation and has contributed immeasurably to the economic welfare of the state.

But its importance as an artery of commerce for mid America and as a limitless supply of water is particularly significant in this twentieth century of rapid transportation.

It will be 250 years next year since the first international cargo floated down the river—a load of 15,000 bear and deer hides bound for France. The river has changed since then, and cargoes, now changed, but the Mississippi still is the nation's central artery—now the main stem of America's 25,000-mile inland waterways system.

Navigation statistics no longer show deer and bear hides as cargo. Now, it's oil and grain, coal, stone, and steel, bulk commodities suitable for transportation. In huge barges pushed and pulled by modern towboats traveling a deep and safe waterway.

More than 80,000,000 tons of important commodities move each year on Old Man River. This mass transportation makes a volume on place to place which are longer than the Queen Elizabeth and carries equivalent of more than twenty railroads of oil. But, of course, the Mississippi is a stream of gigantic proportions and accomplishments.

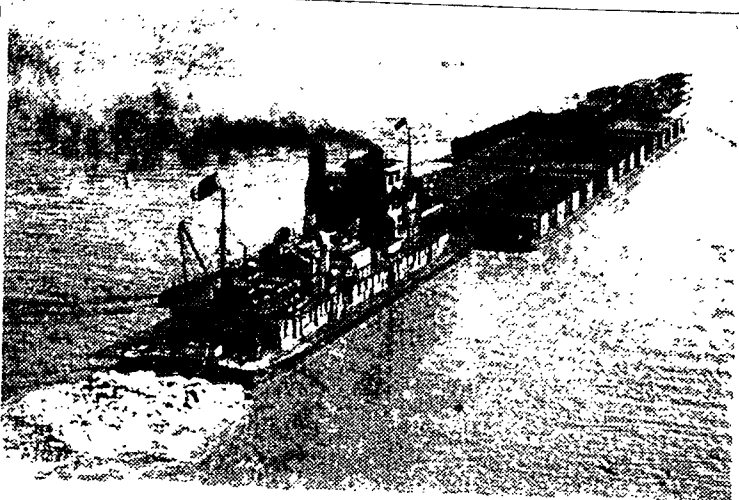

It drains 41 per cent of the nation, an area lying across the U. S. like a funnel with its mouth stretched from New York to Wyoming and its spout in the Gulf of Mexico. Enough rain falls on this area in a normal year to fill a cultural tank eight miles on each side. And during a flood year, a million million tons of water pass down the Mississippi.

This mightiest of all rivers is the responsibility of the seven-man Mississippi River Commission, a Corps of Engineers agency charged with harnessing, improving, the lower Mississippi, and making its valley safe from floods on the river a strong navigation artery.

The commission, composed of Corps of Engineers officers, civilian engineers and businessmen, is this year observing its 75th anniversary and its 150th semi-annual inspection trip down the river.

The Commission, making these trips in a leisurely manner, pauses at towns along its route, inspecting the work of the Corps of Engineers or conducting hearings aboard its home afloat in very much the same manner as the old Town Meeting.

The Commission and local interests are joined in a partnership to wage relentless war against the river which is constantly trying to change its course. The local partnerships are with the levee boards and drainage districts, legally constituted and charged with the serious responsibilities for maintenance.

More than 80,000,000 tons of important commodities move each year along the Mississippi River in towns which frequently carry the equivalent of 20 railroads of oil. The bustling Mississippi today is an important factor in the rapid development of the South and of Mississippi.

ance, providing rights-of-way and sharing costs.

The most spectacular accomplishment has been in making flood control a reality. Today a 1,600-mile system of giant earth levees 200 miles longer than the Great Wall of China separates the river from man. Cutoffs have straightened Mark Twain's meandering river and shortened its distance by about 170 miles, and at the same time lowered its flood stage.

With traffic increasing instead of decreasing, navigation today is even more important than it was a century ago. It is the job of the Commission to maintain a navigable channel, a task which it handles effectively with relocations and continuous dredging.

Industry is moving to the Mississippi too in a steady march. Hundreds of new industries, attracted in part by an awakened, prosperous abundance of water and bulk transportation afforded by the river, have moved into the area in the past few years.

Huge chemical plants, furniture and textile mills, oil refineries, aluminum plants and a multitude of diversified manufacturing operations have risen behind the levees in the heart of King Cotton's domain.

No better example of faith in the Commission can be found than in the case of the Alexander Smith and Sons Carpet Company which has built a giant mill behind the levee at Greenville in what once was a danger flood zone.

Other industries have been attracted to the river by the abundance of water and good transportation as citizens of Natchez, Vicksburg, Port Gibson and Clarksdale testify.

The importance of the Mississippi River to the people of its valley and to the nation can perhaps best be evaluated in a brief review of its history.

Evidence is found to support the claim that Columbus was the first white man to view the river despite the fact that De Soto is credited with its discovery. Joliet and Marquette explored its upper reaches to a point near Arkansas City, Arkansas, and soon after La Salle descended the greater portion of its length to its mouth. But it was not until 1699 that the river was definitely known to discharge into the Gulf of Mexico, a discovery made by D'Iberville, founder of Biloxi.

Many nations fought for and against the river, because they knew the river to be the key to westward expansion. Thomas Jefferson understood that when he said while culminating the purchase of the Louisiana Territory in 1804, that New Orleans would some day lead the world in commerce.

Explorers, generals, and statesmen quickly recognized the importance of the Mississippi River, with the result that control of it became a major issue on the battlefield and in the diplomatic drawing rooms of the world. It is well known that until the Union forces completely controlled this river, the Confederacy remained a serious threat to the existence of the nation.

Although the first known cargo moved down the river as early as 1705, its significance as a truly important means of commerce was not felt until the early nineteenth century and the invention of the steamboat.

Before this, a trip from Louisville to New Orleans often required four months. In 1820, the trip was made by steamboats in twenty days. By 1838, the same trip was being made in six days.

The packet boat brought a phenomenal increase in traffic. In 1834, there were 230 packets; by 1849, there were about 1,000, approximating a total of 350,000 tons, which is small today in comparison with the more than 80,000,000 tons shipped annually on the river.

Even at that, the packet boat before the Civil War handled more tonnage on the Mississippi River than was transported by the entire British Empire.

It was not until the latter part of the nineteenth century that river commerce began to be diverted to the expanding railroads. But the river was not to be ignored for long.

In 1929 a revival began as the colorful packet boat was replaced with powerful and efficient towboats, less glamorous but more effective. World War I saw the birth of the Federal Harbort Lines, reorganized in 1924 as the Inland Waterways Corporation. By 1929, 125 transportation companies operated boats and barges between Cairo and New Orleans. By 1931, the annual freight handled had grown to twice the volume moved during any year in the nineteenth century, a trend which has continued to the present day.

In addition to the heavy commercial traffic, many pleasure craft from all parts of the country now utilize the river for vacation and travel and the river is still a challenge to man and boy.

In the recent past, much progress has been made in the construction of expanded and improved terminal facilities. Progressive civic and commercial groups such as the Delta Port Association are working to make existing facilities such as those at Greenville, Vicksburg and Natchez even better.

The Delta Association believes that more than half of the commerce of Mississippi would benefit by increased port facilities at Mississippi's three principal river port towns.

Logtown Rhythm Band To Play For P. T. A.

"Better Homes, Better Schools and Better Communities" is the theme for the PTA of Bay High for the 1934-35 school year.

Officers are as follows: President, Dr. W. P. Henderson; Vice-president, Mr. Carl Arnold; Secretary, Mrs. Warren Traub; Treasurer, Mrs. George Horton.

The future meetings are scheduled as follows:

November 9: The Rhythm Band from the Logtown School, Logtown, Mississippi, will be guests at the meeting. Ushers and the activity report will be from pupils in Miss Spotorno's third grade.

December 14: A play will be given by Mrs. Ashcraft's first grade. Pupils from Miss Hurston's fourth grade will give the activity report and be ushers.

January 11: "Guidance for Teenagers." Ushers and activity report will be from pupils in Miss Saliba's fifth grade.

February 8: Miss Blaize's social science students will speak on "Are Our Schools Preparing the Child for his Place in Democracy?" The ushers and activity report will be from pupils in Mrs. Harriel's fifth grade.

March 8: This will be an "open meeting." Pupils of Mrs. Zengering's sixth grade will give the activity report and be ushers.

April 12: Miss Sarah Weaver, 4-H Club sponsor, will talk on "Improvement in Homes and Effects on Children." Miss Smith's sixth grade pupils will give the activity report and be ushers.

May 10th: This will be the last meeting of the school year, at which time installation of officers will take place. Evaluation will be by Superintendent S. J. Ingram and Dr. Henderson.

First meeting of the year was held September 14 at the Youth Center. Mr. Carl Williams, secretary of the YMCA, New Orleans, Louisiana, was speaker. Mrs. C. S. Schultz of the Main Street Methodist Church, was in charge of the group singing. Mr. Ingram introduced the teachers. The activity report and ushers were from Mrs. Ashcraft's first grade. After the business meeting those present enjoyed a social hour and refreshments.

At the October 12 meeting, Mr. Donald Caldwell, high school teacher, and Miss Cryer, English teacher, spoke on "What Parents and Teachers Expect of Each Other."

The ushers and activity report were from pupils in Miss Saucier's second grade. Refreshments were served to the group after the meeting.

THE LEAGUE OF WOMEN VOTERS OF BAY ST. LOUIS REMINDS YOU TO VOTE ON NOVEMBER 2ND.

LADNER NAMED TO LEGION GROUP

Clalborne Ladner has been named chairman of a special school Americanism committee of the Clement R. Bon Temps post 139. It was revealed this week by Fred Fayard Sr., chairman of the Legion's Americanism Committee. Other members of the Committee are Philip Hayes and Johnson Shaw Jr.

The committee will handle all arrangements for the Legion sponsored Armistice Day Parade to be held in Bay St. Louis Nov. 11, Fayard said.

"We cannot expect wider participation than that of last year's parade, since every school in the county had representatives in the parade," Fayard said, "but we are hoping to have a much larger group from each school to march in the parade this year."

Other duties of the special committee are handling the National Optimal Contest in the schools of this area.

Last year's participation in the Contest in Hancock County was the highest in the state according to population.

Left, Gary Stoufflet, president; right, Robert Bing, vice president.

STOUFFLET AND BING, SENIORS, TO HEAD BAY HI STUDENT COUNCIL

Gary Stoufflet, senior, was elected president and Robert Bing, senior, was elected vice-president. Each student had to receive a majority vote to be elected. Mr. Fortenberry, principal, is acting as faculty advisor for the council.

Appointed to the Student Council staff was Janet Breland as Secretary and Treasurer. The president of each home room automatically became representative of that home room. The senior representative is Kent Sellier, Juniors, Tommy Holden and Noleen Ladner, sophomores, Henry Monti and Carol Ann Hobbs freshmen, Eugenia Ginger, Grady Perkins and Gloria West.

The council's main objectives will be to have better relations between the teachers, parents and students; to give the students a strong voice in school relations and functions.

The newly elected president stated that he hopes the council will be supported by every student and that it will be a big success. The leaders of the council will be willing to support all the students in everything they do.

The first meeting was held Tuesday, October 19, to discuss several problems which the Student Council will be facing before long.

Smokey Says:

A smouldering cigarette could be a "DANGEROUS MOMENT" in the woods!

DOWN AND DOWN IT GOES

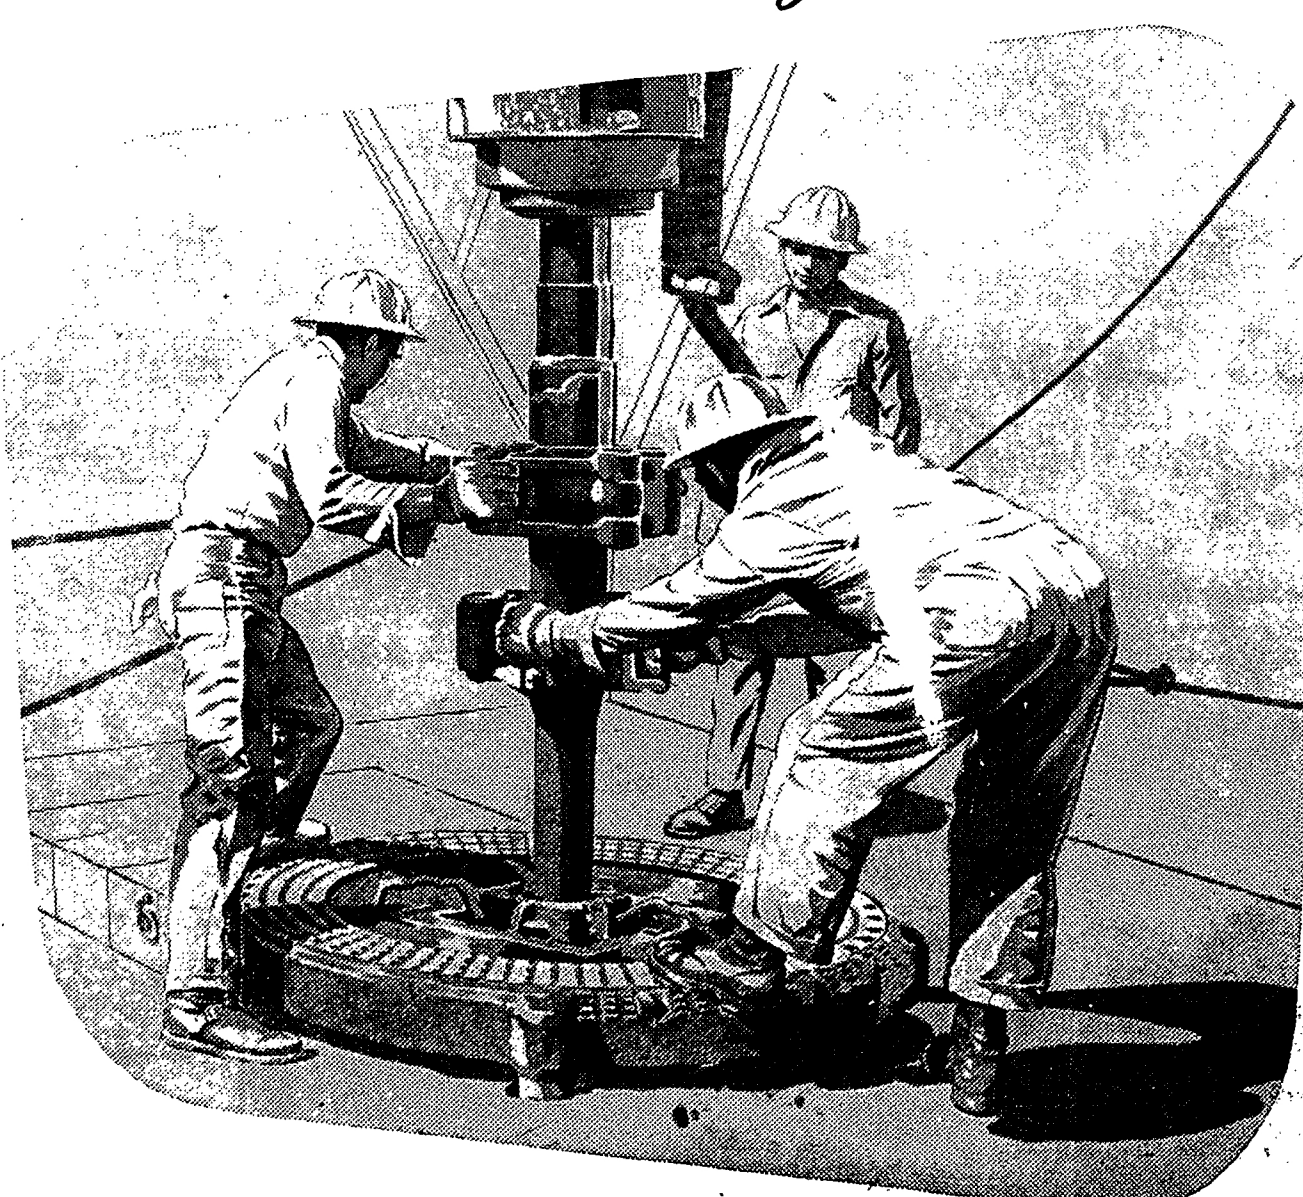

Round and round it goes... down and down it goes... and let's hope it never stops!

People are using more and more natural gas and oil every year. But the supply is not endless. Additional reserves must be discovered—today, tomorrow and every day—if the known supply is to keep pace with the growing demand.

And that means drilling, drilling, drilling... day and night, in good weather and bad. Gas and oil producers risk many millions of dollars every year drilling for more gas and oil for you. They take this risk in the hope of a profit. They must never lose that profit incentive if we are to have adequate supplies of oil and natural gas.

HOME AGENT'S NOTES

Home Demonstration Agent Hancock County

What to do with leftover food is often a problem. It's too good and it's wasteful to throw it away, but it so often gets into the refrigerator or on the shelf it isn't used. Maybe these suggestions for use of odds and ends of food will solve a problem for you.

For instance, leftover sandwiches need not be discarded. Brush them with melted butter and saute them to a golden brown on each side. They are delicious.

Or cut leftover or slightly stale doughnuts in half, place them under the broiler for a few minutes and spread with warm melted butter, sugar and cinnamon.

Here is a good way to use leftover egg yolks or whites: Poach them in boiling water, drain, cool, push through a sieve and use as a garnish for salads.

Keep leftover pancake batter and use it for coating chops, cutlets and other foods that are to be fried in deep fat. Or thin it with a little milk and use for French toast.

To reheat leftover rolls, pour cold water in and out of a clean paper bag, being sure to remove the water before it has time to soak through the bag. Then put the leftover rolls in the moist bag, twist the top and place in a hot oven until heated through. Rolls also may be heated in the top of a double boiler.

To use leftover veal, beef or pork, slice and dip each slice in catsup. Roll in bread crumbs and fry. This is an excellent way to make the Sunday leftover roast taste like a completely new dish on Monday.

Those perfectly good preserves or jellies that somehow do accumulate in the cupboard are splendid to use in

Shown above is a scene from the freshman initiation recently of students of St. Joseph Academy.

gingerbread and spice cake.

A QUICK LUNCH

To prepare the "same-ole-thing" but in a little different way try this: Fold slices of lunch meat to form cones (fasten them with toothpicks). Fill with baked beans and place on a baking sheet. Brush with butter and heat for about 30 minutes in a 350 degree oven. Serve with sliced tomatoes, crackers and limeade.

BREAKFAST BEFORE SCHOOL

You heard that September was Better Breakfast Month—and I hope you heeded it by serving your family better early morning meals. This month is particularly fitting as a time to emphasize better breakfasts as it is also Back-to-School month.

September is gone now, but the need for a good breakfast doesn't cease with the month of emphasis on it. Just as the need for fire prevention won't be over with the end of next week, National Fire Prevention Week.

What is the reason for eating breakfast? You body has been for 12 hours with no food, so naturally you need to eat before you begin the day's activities.

Recently the responses of 25 healthy boys 12 to 14 years old were observed when breakfast was left out of their diet. The experiment showed that when the boys didn't eat breakfast their work rate and the amount of work they could do were a great deal less in the late morning hours. The lack of breakfast also showed up as a bad effect in their attitude and scholastic record.

You want your boys and girls to do the best possible in school. Don't let lack of breakfast be a handicap to them. Let's see that our boys and girls get started every morning with a good breakfast.

Get up and get them up early enough not to have to rush, vary the menus, add cheerful conversation and you'll see the result of a good breakfast in yourself and the children.

To remove dust from upholstered furniture, cover surface with a large heavy towel wrung out of water to which a tablespoon of ammonia has been added. Beat the furniture covered with towel with a carpet beater. Most of the dust will stick to the towel.

Personals

Mr. and Mrs. Marvin Bobinger, their daughter and sons, Bobbie Gay, Buyl and Dewey, Mr. and Mrs. Wyatt and sons Edward and Cleveland, and Dora Bennett went to Pichard, Ala., Sunday to visit Mr. and Mrs. Edo Osprey.

Mr. and Mrs. J. D. Rodgers and daughter Elaine of Gulfport spent the week end with Mr. and Mrs. Forrest Necaise of Kila.

Mr. and Mrs. Earl Necaise and family spent the week end with Mr. and Mrs. Tip Necaise.

Betty Laddner joined the Modern Woodmen of America.

Mr. and Mrs. Junior Olier and Mrs. Cecil Olier of Biloxi came to Kila, La. Friday and Saturday.

Joan Moran, who is staying with her grandmother in Kila, spent the week end with her parents in Playne.

Naome Mora of Playne spent the week end with Anne Mae Peterson.

PEC Joseph Moran son of Mr. and Mrs. Dore Moran, will arrive in Pass Christian Wednesday, Nov. 3. He is stationed at Fort Benning, Ga.

Mr. and Mrs. Sidney Bennett of Kila had a week end party with Mr. and Mrs. Laverne Garris of New Orleans, Mr. and Mrs. Ray Cuevas and Barry of Pascagoula, and Mr. and Mrs. Leo Mauffray and Pat of Playne.

Mrs. Walter Hays Waveland, and Mrs. O. G. Rausch, former Clermont Harbor residents now living in Ocean Springs, moved to New Orleans Wednesday where they are guests of Mrs. Walter Blackwell at the New Orleans Country Club for luncheon and cards.

Mr. and Mrs. Joseph Laura and young daughter, Sandra, motored to Bay St. Louis Monday where they visited with their parents, Mr. and Mrs. Fred Herlihy.

Mrs. A. I. Picard is spending the next two weeks at her home in New Orleans.

Mr. and Mrs. Warren Traub and children spent Sunday in New Orleans where they enjoyed a picnic at Audubon Park. In the city they were joined by Mrs. Traub's sister, Mrs. A. W. Coulogne Jr. and Mr. Coulogne and their sons.

Mr. and Mrs. P. E. Porter Sr. returned Tuesday night from a three week trip during which they visited relatives of Mr. Porter, and also in New York. They report having had a wonderful time but are glad to be back home.

Mrs. Elaine Bailey was the recipient of good news from both her sons this week. Both boys are serving in the US Army. John E. Bailey, stationed in Japan, wrote his mother of his promotion to sergeant, and the same day she received a letter from another son, David H., stationed in the Canal Zone, Panama, that he also had been promoted to the rank of sergeant.

Members of the art class of Dale Nichols, noted American painter who is now making his home on the Coast, will entertain on Sunday afternoon at a tea at Hotel Royal in honor of Mr. Nichols and his bride of a week. Other guests for the event will be members of the Coast Art Association of which Mr. Nichols is the head.

An instruction class for members of Christ Episcopal Church Altar Guild was held this morning at the home of Mrs. W. Horace Williams, "Galabank on the Jordan."

Mrs. Joseph Scaife Sr., who recently underwent surgery at Baptist Hospital in New Orleans, returned to her home on Touline St. Wednesday afternoon and is reported doing nicely.

Mr. and Mrs. John Casey and his daughter were visitors in Bay St. Louis Sunday.

Mr. and Mrs. Hugh Kiefer of Natchez and their four sons spent the week end with their parents at their home on Dunbar Ave.

Mrs. Thelma Morris of New Orleans was the guest of her sister, Mrs. Katherine Wilkins in this past week end.

Mrs. Sidney Gonzales left Monday morning for Patrick Air Force Base at Cocoa, Fla., where she will be with her daughter, Mrs. D. L. Maloney, the former Miss Margie Gonzales, who will undergo surgery.

Charles Wayne Blackwell, young son of State Trooper Blackwell, was discharged today from Kings Daughters Hospital where he was a medical patient.

Mrs. Joseph Colon is a surgical patient at Kings Daughters Hospital.

Mrs. Wanda McWilliams is a surgical patient at Kings Daughters Hospital.

Capt. V. I. Frankiewicz, USA, returned to his home at a duty in Kila. He has two sons, the younger, who is now making his home with Mr. and Mrs. Charles Carter Sr. in Kila. Capt. Frankiewicz will be in Kila for about 30 days, after which he will report for duty at Langley Field, Va.

The United Council of Church Women of the Episcopal Church will hold its Episcopal Church November 5 at the Episcopate.

ATTENAS CONVENTION

Selected as a delegate by Mayor delegates Morris of New Orleans, Mr. Gladys Landon Lister of Waveland and New Orleans represented the City of New Orleans at a recent convention of the American Nursing Home Operators Association held in Louisville, Ky.

Approximately 3000 women representing 47 states were present.

Mr. Lister was honored by being elected as the delegate to whom the City of New Orleans was presented by Mayor Andrew Brodus.

AT 6 ACRES RESTAURANT

Dr. and Mrs. F. E. Stevens of Natchez, La. entertained a party of 12 for dinner.

Seen leaving dinner over the week end were Lt. Col. Frank R. Worthington and Party, Mr. and Mrs. V. H. Tuchs, Mrs. G. Landry and Mrs. R. Schmidt, Mr. Sidney Prague of Texas, entered a party of 11 for dinner while on his visit to Bay St. Louis.

Mr. and Mrs. Reese Spangenberg and family had dinner on their way home from their Pass Christian Isles home.

Mr. and Mrs. J. Scharff stopped for dinner on the way from a day in New Orleans.

ANNA MAE BENIGNO BECOMES BRIDE TUES. OF ROBT. O'DONNELL JR.

Miss Anna Mae Benigno, daughter of Mr. and Mrs. Sam Benigno of this city, was married Tuesday, Oct. 26 in New Orleans to Mr. Robert O'Donnell, son of Mr. and Mrs. Woodward O'Donnell of Sarasota, Fla.

The wedding was limited to members of the immediate family and a few close friends.

The ceremony was performed in St. Louis Cathedral at 4:30 in the afternoon.

The bride was gown in a late afternoon frock of imported candlelight beige lace ballerina length with a sweetheart yoke, with matching hat, and satin slippers in the same shade.

She carried a prayer book to which was attached exquisite white orchids. The bride had as her only attendant her sister, Miss Gloria Benigno.

She wore a late afternoon frock of red velvet, ballerina length, with a jeweled white turban and carried white orchids.

The bridegroom had as his best man Joseph Laura of New Orleans.

Following the church ceremony a reception was held at the apartment the young people will occupy at 906 Esplanade Ave.

Receiving with Mrs. Benigno, mother of the bride, was the bridegroom's mother, Mrs. O'Donnell. Mrs. Benigno chose for the occasion a light blue tulle dress with an orchid corsage, and Mrs. O'Donnell wore navy blue with a corsage of pale pink roses.

The young couple flew to Mexico for a wedding trip.

Legion to Meet Tuesday

The regular November meeting of the Clement R. Buntgens Post 139 will be held at 8:00 p.m. Tuesday, Nov. 2 at the Legion Home, according to Sidney L. Bourgeois, Commander.

Bourgeois said the question of increasing the size of the Legion Home on South Beach would be taken up and possibly settled.

Other subjects expected to be discussed are the Turkey Shoots, Christmas Baskets and a Christmas Tree Party for local kiddies he said.

It is expected that a full report will be made by the Legion Hospital Committee explaining why the recent swing in the hospital program happened, he said.

MEMBERSHIP DRIVE MAKING HEADWAY SAYS LEGION

Tom Bressler, Chairman of the membership committee of the Clement R. Buntgens Post 139 said this week that the Legion's sustained drive for members was producing gratifying results.

Several books containing 25 members each have been turned in by members of the committee, he said. A checkup revealed that many more are near completion and that the next few days should show a remarkable number of brand new members.

Bressler urged all non-members who are veterans to contact the membership committee to determine their status and if possible take this opportunity to join in with a progressive patriotic organization that also has proved to be of great value to the community through their continuing efforts to improve the community by their projects.

"Certainly we need more men who can take an active part in our projects, but just as important, we need paid up members even though their time is limited, to back us in those projects," Bressler said.

Announce Birth

Mr. and Mrs. Gilbert Schmidt of New Orleans announce the birth of an 8 lb. daughter at Touros Infirmary. Mrs. Schmidt is the former Anna Jean Laddner of Bay St. Louis.

MOTHER OF LOCAL RESIDENT DIES

Mrs. Elizabeth Williams, mother of Mrs. Claiborne Laddner of this city, died at her residence 1227 East Division St. Biloxi, Friday, Oct. 22.

Widow of the late J. J. Williams, the deceased is survived by three daughters in addition to Mrs. Laddner. They are Mrs. Horatio Laddner and Mrs. Wesley Laddner of Lakeshore and Miss Gertrude Williams, Biloxi; three sons, Henry, Larry and J. J. Williams Jr., and three stepsons, Isaac, Isadore and Leroy Williams; also one brother, Holliday Jordan of Baton Rouge, and two grandchildren.

Funeral services were held Sunday, Oct. 24 from the Bradford Funeral Parlor in Biloxi at 2 p.m. Religious services followed from the Second Baptist Church of Biloxi, with interment in Biloxi cemetery.

Funeral services were held Sunday, Oct. 24 from the Bradford Funeral Parlor in Biloxi at 2 p.m. Religious services followed from the Second Baptist Church of Biloxi, with interment in Biloxi cemetery.

SERVICES HELD WED. FOR FRITZ MAFFE

Maximo (Fritz) Maffe died at Montelepre Memorial Hospital Tuesday, Oct. 26 at 7:25 a.m. Husband of Adele Greene, father of Karl P. and Glenn Maffe, and Mrs. Anthony P. Catalanotto and the late Maximo Maffe Jr., brother of Lloyd Maffe. Mrs. Sophie Casanova, Mrs. William Muller of Vicksburg and Mrs. Phillip K. Wagner, also survived by three grandchildren; aged 57 years; a native of Pearlport and a resident of New Orleans for the last 45 years.

Funeral services were held Wed., Oct. 27 at 8:30 a.m. from Lamana-Pannofallo, Inc. funeral home. Religious services were held in St. Joseph's Church in Pearlport, with interment in Logtown Cemetery.

JAKE SCHARFF, MRS. HILL ADDRESS GARDEN CLUB MEETING TUES, OCT 14

The Bay-Waveland Garden Club held its regular monthly meeting Thursday, Oct. 14 at the home of Mrs. Eugene Mogabgab on S. Beach.

Co-hostesses were Mrs. Walter Gev, Mrs. H. A. Eldredge, Mrs. W. W. Ballar, Mrs. J. R. Rollins, Mrs. W. W. James, Mrs. A. L. Rau, Mrs. Elizabeth Weston and Mrs. George Lehleiter.

In the absence of Miss Hilda Sick, Jake Scharff of Memphis, Tenn. addressed the group and showed color slides of some of the newest developments of bearded iris. He also showed gardens of mass planting. Scharff is a member of the Iris Society, holding office in the Memphis branch.

He also showed color slides of amaryllis and hemerocallis taken in the gardens of Dr. Walter Hays.

The second part of the program was presented by Mrs. J. William Hill Jr. She demonstrated correlating flower arrangements to be used on dining table or buffet with line china and glassware, keeping in mind the overall color scheme.

Mrs. Hill's arrangement was composed of lavender chrysanthemums and purple grapes, used with pink linen and amethyst glassware.

Catches 22 1/2 Pound Redfish On Highway Bridge Sunday

While fishing on the new bridge Sunday morning Mrs. C. J. Schellner of New Orleans caught a 22 1/2 pound redfish, but soon found that it was more than her match. She was aided by her husband, who tried to put the redfish up but was afraid of breaking the 50-pound test line.

Another fisherman who was standing nearby dropped his plug into the fish's mouth, but his line broke when they tried to pull it up.

Mr. and Mrs. Schellner didn't want to go home talking about the upshot that got away so they towed the fish to shore, about a mile from the spot where they had caught it.

Official Proclamation

PROCLAIMING ALL SAINTS' DAY AS A HOLIDAY

Since Monday, November 1, 1954 is All Saints' Day and a time set aside when special tribute is paid to the memory of the dead, when the public visit the cemeteries and decorates the graves with flowers, and religious ceremonies are the order of the afternoon time of the day, and it is fitting that one and all visit the "Cities of the Dead" and pay respect by their visits and prayerful solicitations;

And since All Saints' Day is recognized over this entire section of our Southland, and in some places a legal holiday, and in Bay St. Louis always a day of thought and consideration as befitting such occasion;

THEREFORE, I, John A. Scaife, Mayor of the City of Bay St. Louis, do issue this as the City's official proclamation declaring Monday, November 1, 1954 a holiday, and further, officially requesting that all places of business be closed on that day, Monday, November 1, 1954, in order that the public engaged in business and those employed by them may visit the cemeteries and pay respect to the memory of the departed.

Given under my hand and official seal at the City Hall this 20th day of October A. D. 1954

JOHN A. SCAIFE

Eleven State Oil, Gas Fields Gulf Discoveries

Eleven oil or gas fields are the result of exploratory drilling by the Gulf Refining Company in Mississippi. The company also holds credit for numerous deep oil reservoir found last year far beneath the gas-distillate zone in the Soso field. Gulf now accounts for one-fifth of the state's oil output.
